WHY SERVICE MATTERS

Our Mission

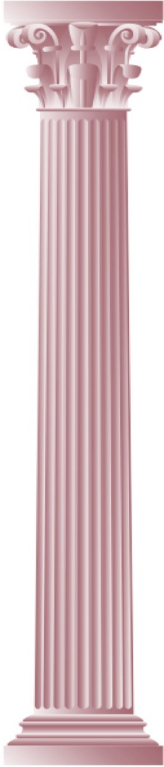

To be dedicated to providing quality, cost effective health related services to meet personal needs and improve the health status of individuals and families in Wayne County and surrounding areas.

Our Vision

To be the primary health care provider for residents of Wayne County and the surrounding south central Iowa and north central Missouri regions.

Pillars of Excellence

People: Employees are informed and have opportunities for improving their skills to promote success.

Quality: Provide easily accessible, quality care.

Service: Initiate a culture where high quality service is evident to all physicians, patients, and employees.

Community: WCHCS will actively pursue opportunities to have a positive impact on community issues.

Finance: Meet or exceed operating budget indicators while securing long-term financial security.

Growth: Investigate and capitalize opportunities to grow WCHCS existing services and to develop new services.

The Cost of a Customer "The Ripple Effect"

Traditionally:

- One happy customer talks about their experience for two years.
- One unhappy customer talks about their experience for 23 years.
- On average, every satisfied customer tells five people about their experience.
- On average, every unsatisfied customer will tell 8-20 people about a bad experience.
- For every unsatisfied customer who complains, there are 26 unhappy customers who will say nothing. Most will simply take their business elsewhere.
- The average customer will spend \$60,000+ at Wayne County Hospital over their lifetime.
- Five years ago for every unsatisfied customer, word of their experience would reach enough people to represent \$1.2 million worth of business.

Times have changed and in today's world with texting, blogs, Facebook, Twitter, YouTube, etc. when customers have an unsatisfactory experience they can tell millions! Mass communication is instant. How many customers can we afford to alienate?

Today we know that anything less than 100% customer satisfaction can be catastrophic for an organization.

It is our choices that show us what we truly are,
far more than our abilities

PURPOSE OF THIS BOOK

Welcome to Wayne County Hospital and Clinic System (WCHCS)! Whether you are a new employee, or a veteran at WCHCS, this handbook is designed to help you exceed the expectations of our patients, our visitors, and your co-workers. Through your commitment and dedication to the “Standards of Professional Excellence,” we will create memorable experiences for those we serve.

Our goal at WCHCS is for our employees to provide exceptional care to our patients. Ultimately, the goal of every WCHCS employee is to ensure patients are “Very Satisfied” with their experience, and are willing to choose WCHCS as their hospital of choice for their family’s future healthcare needs.

The purpose of this book is to remind all of us that we are ambassadors for Wayne County Hospital and Clinic System. We represent this organization. We are who people see when they arrive; who they turn to when they are frightened and lonely and ours are the voices they hear when they are trying to sleep. We are judged by our performance. We are judged by the care we give, the attention we pay and the courtesies we extend. Always.

As your peers and co-workers, the FireStarters were originally brought together in 2005 to make a difference in how we work together as a team, and how we perform for our patients. By committing yourself to these Standards of Professional Excellence, you will have the opportunity to be a part of the organization-wide success in delivering exceptional healthcare services to our community. As our organization has matured, these Standards have evolved over the years and are now in their fifth edition.

It is the belief of our Board of Trustees, our medical staff and our employees that we are able to excel and exceed the expectations of our customers. These beliefs are central to the heartbeat of our organization and focus on: Customer Service, Teamwork, Attitude, Respect and Professionalism, Leadership, Fun, Safety and Continuous Improvement.

You are joining a team that is among the best in healthcare. We believe we are fortunate we get to do meaningful work and make a significant difference in people’s lives every day. Thank you for sharing your skills, your enthusiasm and your special talents in fulfilling our mission of excellent care!

CUSTOMER SERVICE

*I am Wayne County Hospital and Clinic System,
I will always promote excellence by . . .*

- Greeting everyone with a smile, making eye contact and offering a greeting when passing such as “good morning.”
- Noticing if customers appear in need of assistance and immediately offer to help and escort them to their destination.
- Utilizing AIDET (Acknowledge, Introduce, Duration, Explanation and Thank You) during all patient and family interactions.
- Using Key Words at Key Times to align my behavior with the needs of my patients.
- Answering call lights promptly, in a positive and caring manner.
- Asking, “Is there anything else I can do for you?” before leaving every patient.
- Rounding on patients hourly, keeping them informed of my breaks and advising when my shift ends. Introduce my replacement by name and experience, and that they will provide very good care.
- Providing explanations in terms that can be easily understood without using abbreviations or medical jargon.
- Anticipating, explaining and apologizing for any delays.
- Continually striving to exceed customer expectations.
- Establishing trust with my customers by following through with their requests.
- Anticipating the needs of customers and their families, and accommodating their special requests.
- Being fully attentive when I am “on stage” with our customers and reserve “relaxed behavior” for when I am out of our customers’ view and hearing.

Don't find fault, find a remedy.

ATTITUDE

*I am Wayne County Hospital and Clinic System,
I will always promote excellence by . . .*

- Displaying a professional and positive attitude at all times.
- Being honest and kind during all interactions.
- Being respectful of co-workers and customers by eliminating gossip within our facility and in the community.
- Providing more than people expect with compassion, integrity and excellence.
- Avoid discussing personal matters in the presence of patients or visitors.
- Projecting a positive attitude by smiling, being friendly and courteous, and saying “please” and “thank you.”
- Avoid saying: “It’s not my job.” Or “We are short staffed.”
- Avoiding displays of frustration or stress to our customers, or co-workers.
- Admitting to mistakes. Learn from them so they are not repeated and move on.
- Responding to all work communications in a timely manner, and relaying messages to co-workers in a productive fashion.

I’ve learned that people will forget what you said, people will forget what you did,
but people will never forget how you made them feel.
